

## MASTUL School activities

### Program activities

#### Handwash day celebration:

**Yusera**, a renowned beauty care company has donated Hand Wash for 150 students in our MASTUL School. We are very much thankful to Yusera for the beautiful initiative.

#### Mental health awareness:

The best psychological service provider **Mind Shaper** collaborates with us to advise our 100 students in MASTUL School. They have talked about students' future, how to brighten up their lives etc many more.

#### Teacher's Day celebration:

10 teachers from MASTUL School have been selected for Teacher's Day. **Inner Wheel Club of Dhaka** has selected them and awarded them Umbrella.

#### Educational goods distribution:

World Literacy Day has been celebrated by **Inner Wheel Club of Dhaka** in our MASTUL School. They have distributed educational goods to our children.

### Development activities

- ★ Teacher training
- ★ Parents' teacher meeting
- ★ Art competition
- ★ Sewing Vocational training

**Thank you for your contribution**  
**Your support means a lot!**

## MASTUL Madrasa activities -

### Program activities

We are very much glad that our respective donors are donating to our **MASTUL Madrasa**. They are donating food to them and mostly they come by themselves and feed by their hand.

One of the best donations is **Quran**. Donors provide Quran to our Madrasa children. Our children are benefiting by reading the holy book.

Besides Quran, donors distribute **Hafiz dress** to the madrasa children. With their support, our children are very overwhelmed and we're so much thankful to them.

### Development activities

- ★ Madrasa teacher meeting
- ★ Practicing Azan
- ★ Practicing calligraphy

# MASTUL Water Project activities

## Program activities

## Development activities

In recent times we've collaborated with MGI Fresh Beverage to set up a water purifier at BAF Shaheen School. Fresh a very familiar name in Bangladesh which has collaborated with MASTUL Foundation for benefiting in developments.

MASTUL Foundation is working for the development in different sectors, one of them is setting up tube well. We've already set up 35 tube wells around 14 districts.

- \* We're working on Sunamgonj flood-affected areas and especially in Kurigram as tube wells in there have been destroyed by the flood.
- \* MASTUL Foundation is working on setting up water purifiers in schools of 64 districts, where children along with the other community can have clean water to drink.

# Mastul Aid

Mastul Aid launched in 2019 to provide a more humanitarian alternative to those battling serious illnesses and to enable people and communities to assist those in need. Today, we are wiser. We are aware that additional healthcare financing choices must be available to everyone, that health emergencies occur more frequently than we realize and for which we are less prepared than we think, and that regardless of our financial situation, we are all vulnerable. For this reason, we are doing more than just developing a platform. We are also building innovations that can assist both a doctor who can no longer afford to treat his wife and a day laborer who wants to rescue his newborn.
