MASTUL Welcomed honourable Minister and Stayed beside Turkey

Honourable Information and Broadcasting Minister Dr Hasan Mahmud along with his wife Nuran Fatema visited Mastul School and Orphanage Shelter on World Valentine's Day and officially inaugurated its activities. The minister and his wife presented flowers and gifts to the children and talked with them and overall spend some quality time with them.

In response to the humanitarian crisis in Turkey, the **MASTUL Foundation**, on behalf of the people of Bangladesh, has stood by the affected victims. They have provided 7000 packs of dry food, over 200 burial clothes and dead-body bags, and 200 blankets. The Turkish Cooperation and Coordination Agency (TiKA) authorities highly appreciated this humanitarian support.

Mastul School

Mastul School celebrated International Mother Language day at their school premises. Students performed rhymes, poems and patriotic songs on behalf of the martyrs who sacrificed their lives to establish the right to speak through our Mother Tongue.

Mastul Shelterhome

A considerable number of orphans and underprivileged children are getting the chance of free education and fundamental rights at **Mastul School** and **Mastul Shelter Home**. It becomes a platform to bloom their dream. And it becomes possible with the support and inspiration from a well-wisher like you.
