VALUABLE PARTNERS AND COLLABORATORS

“MASTUL Foundation the front line hero during the horrific Covid-19 pandemic”

2020 is the worst nightmare of this century. Due to Covid-19 a massive number of people lost their lives. The affected patients could not ensure proper treatment, there was a need for ambulance service, oxygen cylinders, and proper treatment.

Even during that horrific time, **MASTUL Foundation** stood with the helpless people in different aspects.

“MASTUL Foundation took the responsibility for the funeral of the patients who died in Corona”

Even the family members and close relatives refused to take responsibility for the funeral of the dead people who died in Corona. At that crucial time, our dedicated team took responsibility for the last rites of the dead, with due religious sanctity.

“MASTUL stood next to the poor and helpless people during the lockdown”

The day labourers and people with lower income grades faced the most vulnerable conditions during the first lockdown due to the Covid-19 crisis. At that time, the dedicated volunteers of the **MASTUL Foundation distributed the necessary foods and daily commodities towards them.**

“MASTUL Foundation also stood next to the middle-class family”

Like the lower-income class people, middle-class families also faced huge trouble during the Covid-19 crisis. A massive number of people lost their job! There was no chance to go outside.

At that time, the **MASTUL foundation reached their doorsteps with necessary foods, daily commodities, and a good wish letter that includes the message of safety and awareness.**

“MASTUL Foundation”

A sustainable society where every people can enjoy their fundamental rights and live with honour and dignity

Yes! 2020 was a disaster in human history. People were dying, with no chance to go outside, no class, no social gathering, and no production. But during this time **MASTUL Foundation** worked as a front-line hero. Our dedicated members did not care about their lives to serve humanity.
